WE'RE NOT YOUR TYPICAL MANUFACTURER

Team Glycon is comprised of individuals who have helped develop industry standards, held board positions within the trampoline park industry, started franchise brands, bought, sold and currently own trampoline and adventure parks. In other words, we're not your typical manufacturer. We're an experienced group of professionals that have been in your shoes, walked the path your currently navigating, and understand what it takes to make your dream a reality. Our Team is here to help guide you through your entire journey from start to finish and beyond.

Custom Design & Manufacturing Solutions

3D RENDER

PROJECT MANAGEMENT

Reviewing the CAD files for your building is the first step in the process and allows us to begin the creative process.

Once the review of your building's CAD files is complete, we can begin designing the layout of your venue.

Glycon project management team assists with the management of your project from concept to completion. Our team of professionals provide personalized support and work with your general contractor to ensure that our products are delivered on time for installation.

BRANDING & DESIGN

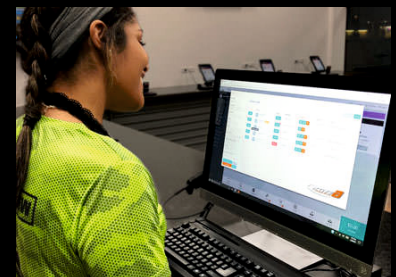

Glycon Industries design team is proficient, in interior design, logo design, and can design out your check in area, party rooms, cafe, and essentially the entire park if you would like.

INTERIOR

Our design team can design out every aspect of your trampoline park. Inviting check-in areas, modern cafes that entice guests to enjoy a cold beverage, and eye-catching graphics that enhance your brand are designed into your active entertainment center.

P. O. S.

This software provides a comprehensive and customizable point of sale solution for trampoline parks, climbing centers, soft play centers, and similar family entertainment.

As a startup company, we take pride in providing our clients with an experience that exceeds their expectations. Our process, dedication to customer service and products consistently produce lasting relationships that continue beyond the successful completion of your

NINJA COURSE

Our Ninja Courses are designed and manufactured in-house by Team Glycon. They are constructed with high-quality Indian made steel that can be powder coated in a limitless array of colors, including a coating that gives the steel truss an aluminum look. We also offer a collection of neon powder coatings that illuminate when exposed to black lights.

A fun physical challenge for ninjas of all ages

Ninja Course provides a great workout for the whole body—challenging strength, endurance, agility and balance in a completely safe environment. Each Ninja Course has a modular construction—sections & obstacles can be easily added, removed, rearranged and modified to accommodate various footprints.

INFLATABLES AND CRAZY JUMP

MADE IN INDIA - AVAILABLE WORLDWIDE

There's no denying a giant inflatable bouncing house or an inflatable water slide are both super fun and excellent investments for any party rentals company. But there are so many more options out there in the inflatable games space

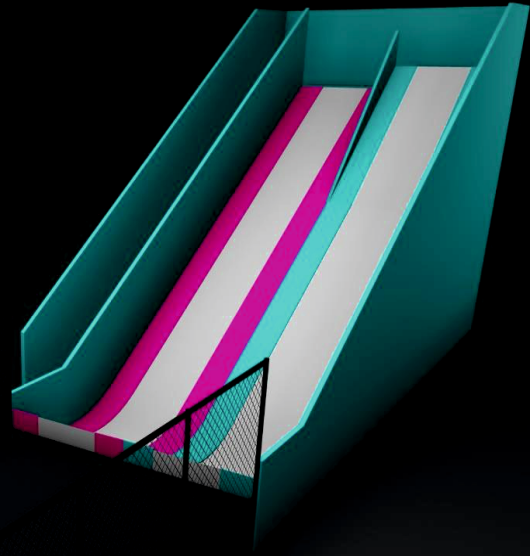

Crazy Jump is very popular and fun activity it consists of a tower, inflatable and a ball pool. Crazy jump is suitable for all type of ages.

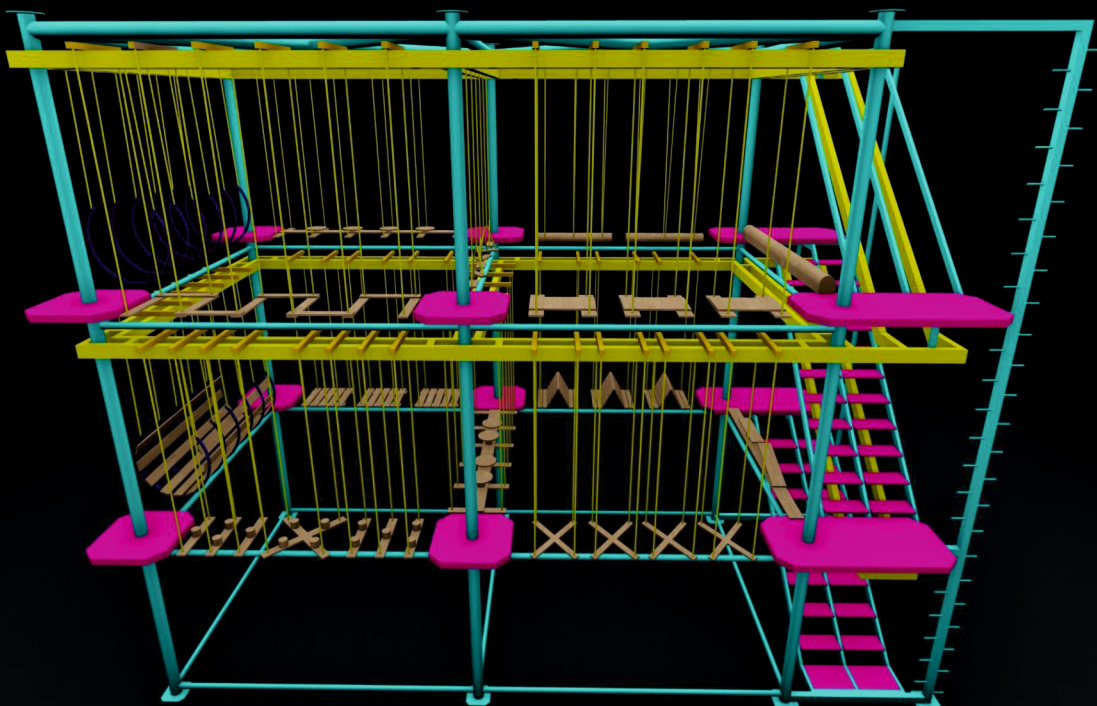

GLYCON INDUSTRIES

ROPE COURSE AND DONUT SLIDE

Slides are almost in every fun park. They are an inseparable part of popular equipment and provide great emotions for both children and adults. Just climb to the top, sit in a comfortable pontoon and ride down the route.

Ropes Courses challenge flexibility, balance and strength in a thrill-boosting way, while ensuring maximum safety in conjunction with the industry's safety standards. All our ropes courses offer a wide range of difficulty levels that appeal to both children and adults.
